Nazmul Haque

Student

About me

Programming enthusiast and Electrical & Electronic Engineering student passionate about building innovative web applications, machine learning systems, and quantum-inspired solutions.

personal

Nazmul Haque
nationality: Bangladeshi
Age: 24
Location: Rupganj, Dhaka

Areas of specialization

Web Development • Machine Learning • Image Processing • Quantum Computing

Languages

Bangla (Native) • English (B2) • Hindi (B2) • Urdu (B2)

Interests

C# / Python / JavaScript
React / MATLAB / TensorFlow

nazmul-haque-nihal

Experience

Jun 2025–Aug 2025
Blockchain Voting System
Lead Developer ·
A secure, decentralized voting system built with Python, Flask, and blockchain technology. This system ensures transparent, tamper-proof voting with cryptographic security and real-time results.

May 2025–Jul 2025
SPD Bot for Engineers
Full-Stack Developer · AI
Built an AI chatbot with a Matrix-themed UI using React, Firebase, and Server-Sent Events for real-time responses

Jan 2024–Present
University Projects
Student Developer · Green University
Developed web apps like News Summaries and PrivateNote, and MATLAB projects for numerical analysis

Jul 2025–Aug 2025
Image Processing Research
Researcher · Computer Vision
Created a MATLAB GUI for measuring diameters of round objects in images, utilizing Image Processing Toolbox

Apr 2025–Jun 2025
Weapon Detection System
Self-Taught Developer · Machine Learning
Built a weapon detection system using Python, OpenCV, and pre-trained YOLO/SSD models for image analysis

Education

2022–Present
Electrical & Electronic Engineering
Bachelor's · Green University of Bangladesh

Programming Skills

- C
- Python
- Java
- JavaScript

Projects

2025
SPD Current Affairs for Bangladeshi Students
Web Development · Flask
Web app for summarizing news articles with customizable sources

2025
Numerical Analysis Pro Toolkit
MATLAB · MATLAB
MATLAB scripts for numerical methods like Regula Falsi and trigonometric calculations

2025
Modern Stock Market Tracker
Python · Python
A cutting-edge, real-time stock market tracking application with advanced dashboard analytics, interactive charts, and modern UI design.

2025
Secure Notes
Web Development · React
Private note-taking web app Firebase authentication and storage

Technical Skills

Web	HTML5, CSS, JavaScript, React
Backend	Flask, Node.js, Firebase
ML/AI	TensorFlow, PyTorch, OpenCV
Tools	Git, MATLAB,

Languages

Bangla	C2	Native
English	B2	● ● ● ● ○
Hindi	B2	● ● ● ● ○
Urdu	B2	● ● ● ● ○

Software Proficiency

Advanced	MATLAB, Visual Studio
Intermediate	EMU8086, Git
Basic	PhotoShop, Adobe Suite, Node.js/npm

Platforms

Experienced	Windows, Linux
Familiar	Mobile Development
